To whom it may concern,

I have known Wayne Anderson for approximately 5 years on a professional basis.

At Resene paints we pride ourselves on delivering a quality product along side an extremely high level of professional advice and service. We are an innovative yet consistent player in a market that is forever demanding the highest of standards.

We see it as a benefit to associate ourselves with painters and specifiers who share this ideal. Wayne has been involved for a number of years now with the application of Resene and has now become a specialized applicator. Wayne's involvement with products such as our Metallic special finish has seen him show case a series of high level workmanship.

I would have no hesitation in recommending Wayne as a tradesman with the highest ability. With his experience working in both New Zealand and Australia he has gained significant confidence in all fields of painting as well as developing a professional mannerism for dealing with clients on all ends of the spectrum.

If you have any queries at all to discuss this further please do not hesitate to contact me.

To Whom It May Concern

I have known Wayne Anderson from Sydney, Australia for a period of six years. I have employed Wayne for the previous 5 years as a foreman painter and can only highly recommend his work ethic and dedication as a premium employee.

Sass Interiors Pty Ltd. works specifically on top end properties and apartments within the Eastern Suburbs area. The workmanship is of a very high calibre and I feel that to be able to successfully manage a trade business you are only as good as the men you employ.

Wayne's responsibilities included managing the other trades people. He would deal with clients, plan and order materials, and structure the work days to ensure it is completed during the timeframe required; he was also responsible for all materials and tools used on site during each job.

Wayne has a pleasant and respectful and extremely patient manner and has always been willing to tackle difficult tasks with enthusiasm and of course his winning personality. I have absolutely no hesitation in recommending Wayne Anderson for any position regardless of the pressure involved and wish him the best toward any challenge he endeavours to pursue.

Yours faithfully

I have known Wayne Anderson for the past 4 years; he is currently employed as a Forman for Sass interiors, who we employ as our painting contractors.

Wayne has worked on several buildings that we have finished in the past years, all with highly detailed finishes, one of which won house of the year with the HIA. Wayne is a perfectionist on all counts and this reflects in the finished product.

Wayne over the years has proved to be very hard working, honest, reliable and friendly and who enjoys his profession.

On all the projects Wayne has worked on, his years of experience show, Wayne has methods which prove he has been very well trained in his early years.

I have no hesitation in recommending Wayne Anderson as a Master painter.

Hi Bob!

We would love to write a reference for your website.

"We would highly recommend Sideshow bob's painting services. Throughout the whole year of building our new house, we found Bob to be the most professional tradesman we dealt with. Communication was excellent. He asked us how we wanted things, wrote them down and stuck to them, meaning everything was done the way we wanted it, nothing forgotten! He turned up when he said he would and finished within the timeframe he gave us, which is almost unheard of, but he did it! To top it off the job they did was amazing, we have nil complaints what so ever!

I have known **WAYNE ANDERSON** of Earlwood, Sydney, NSW for approximately three years during which period Wayne has been a foreman painter for Sass Interiors, a well respected Sydney firm of painters and decorators.

Wayne Anderson's work reflects a level of professionalism and ability not often found. Wayne has worked on several properties in which my Company has been involved and he has performed his duties in an exceptional and diligent manner.

Wayne's attention to detail is noteworthy. He is a perfectionist and once given his instructions he can be totally relied upon to complete the work intelligently and with a result that can only be described as 'quality'.

Wayne is punctual and most reliable. He is prepared to work long hours and to make extra time available to complete work to meet deadlines.

His 17 years experience in the painting industry and his sound early training a very evident in the thorough way in which he proceeds to complete his work. He has a vast knowledge of painting methodology and applies it to the great advantage of the employer.

In his employment with Sass Interiors Wayne has worked on several prize winning projects one of which won a Housing Industry Award and another "the apartment of the year". The list of property owners for whom Wayne has worked in his employment is impressive.

Reference for Wayne Anderson

To Whom It May Concern

In January 2008 I needed a house painter to do a full interior paint job on an expensive four bedroom apartment on the river. I contacted master painters who gave me three names one of which was Wayne Anderson. Wayne provided a quote rapidly and was able to commence work and complete the job within my timeframes. His quote was similar to others. I chose him for his professional courteous manner and ability to complete the work when I needed it done.

I am happy to provide this reference for Wayne who has completed the work job to the highest quality and provided advice when asked on colours and paints. He is competent and confident and very easy to work with.

I have advised him if prospective clients want to see the work undertaken in my home they can contact me through Wayne.

Kind regards

To Whom It May Concern:

Over the course of the last four years I have re-built and re-modelled my home in Hillcrest. Among a number of other trades I engaged the services of Sideshow Bob's commercial painters.

As a professional and competent tradesperson Wayne has been without peer. He has helped to resolve numerous issues with nothing but a considered and efficient work ethic. As a tradesperson myself, I can say that without Wayne's help my home would not be the picture that it is today.

The fact that my house was entered in and subsequently won the Master Painters Award for 2009 is a testament to his skill, attention to detail and his general finishing. I would not hesitate to discuss or recommend his services to any potential client.
